# Lucy's House Mission Statement

1) Lucy's House for the Prevention of Homeless Pets' mission is to keep pets in their original homes with their owners.

2) Members of Lucy's House understand that animals are impacted by abandonment and being left in shelters after being in a home.

3) We strive to keep pets in their homes and reduce the number of animals being surrendered to shelters or abandoned by providing donations of pet food to low to moderate income households, the disabled, and the elderly.

4) At Lucy's House we also provide support with veterinary care through donated services and other resources for the elderly, disabled, those temporarily unemployed, and people with low income recognizing the need for support during tough economic times while allowing all people to keep their pets.

5) We understand that for the most part keeping a family together is beneficial to both animals and people. We also are dedicated to educating the public about how pets react to being abandoned or surrendered after being with a family or owner for years.

**Our goal is to keep our four legged friends with their families and respect their value in our lives.**

Lucy's House is dedicated to keeping pets in their homes. We provide pet food, homemade pet toys and beds, and emergency medical funding for pets whose owners are senior citizens, veterans, people with disabilities, and those who are experiencing financial hardship due to unexpected circumstances. At Lucy's House we understand the benefits of unconditional love, companionship, and the emotional support pets provide; we value the important parts pets play in our lives through socializing with others and helping us enjoy nature by walking and playing with our companion animals. Money raised will help fund our emergency veterinarian medical support for pets.
