

## Form for Special Pet Food for Client at Food Shelves

Lucy's House recognizes that due to financial difficulties and unexpected life events that feeding a pet can be difficult, and that some pets require special veterinarian food diets, grain free pet food, or specific types of pet food due to medical challenges. When we have donations of these types of food we make every attempt to match these up with the pet owner and their pet. In some cases when food shelves are able to do this, pet food bags can be set aside with your name on it for this special pet food. Keep in mind it is up to the food shelf receiving pet food if they have the capacity to do this, and clients must be respectful to all volunteers at each food shelf at all times in order to receive this pet food. If a food shelf cannot put aside specific pet food for this purpose, it is up to the person requiring the pet food to make arrangements with Lucy's House to pick up this food by appointment only. Deliveries will not be made of special pet food.

Knowing your pet's special dietary needs helps us match up donations of specialty foods to pets. By filling out the below information you give Lucy's House for the Prevention of Homeless Pets permission to provide your name to the food shelf you use in order to set aside a specific pet food for you. You also acknowledge it is your responsibility to pick up the pet food in a timely manner from the food shelf to respect each food shelf's limited storage space.

Food Shelf Name: \_\_\_\_\_

Name of Pet Owner: \_\_\_\_\_

Name of Pet: \_\_\_\_\_ Cat or Dog

Specific pet food needed: \_\_\_\_\_
